RE: Scope determination on antidumping duty (AD) order on aluminum extrusions from the People's Republic of China (PRC) (A-570-967)

1. On 07/06/2012, in response to a request by an importer, UQM Technologies, Inc. (UQM), the Department of Commerce (the Department) issued a final scope determination that UQM's motor cases, which UQM imports, are within the scope of AD order on aluminum extrusions from the PRC, (A-570-967).
2. Because the imported product is produced by means of a computer numerical controlled (CNC) production process similar to that used to produce subject merchandise and, consequently, an analysis of the factors under 19 CFR 351.225(k)(2) demonstrates that UQM's merchandise and subject merchandise share similar physical characteristics, expectations of the ultimate purchasers, ultimate uses, channels of trade in which they are sold, and manner in which the products are advertised and displayed, Commerce found this product to be within the scope of the order.
3. Continue to suspend liquidation of entries of aluminum extrusions from the PRC, including UQM's motor cases imported by UQM as described above, subject to the AD duty order on aluminum extrusions from the PRC.
4. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by O3: JC).
5. There are no restrictions on the release of this information.

Michael B. Walsh
